

Paris Agricultural Society is delighted to announce it has been awarded the #Safe Travels Stamp. The Safe Travels Stamp is an international symbol designed to allow travellers to recognize governments and companies around the world, which have adopted health and hygiene, standardized protocols – so consumers can experience ‘Safe Travels’.

TIAO President & CEO, Chris Bloore, said “Congratulations to Paris Agricultural Society on obtaining your Safe Travels Stamp. Tourism businesses across Canada are looking to help citizens rediscover their country when local government restrictions on gatherings and operations are lifted; the Safe Travels Stamp is an excellent way to ensure the consumer feels safe and comfortable when doing so.

When they see the ‘Safe Travels Stamp’ has been awarded to the destination or business, they will know that they are upholding the highest standards of health and safety and demonstrating they are adhering to the global health protocols issued by the WTTC.”
